BRAINSTORMS

With Ferrin Cox

We survived the changing of the clocks and with very little trouble. Maybe it was because of the extra hour of sleep the change gave us this day. We still are bothered with dark settling over us before our day's work is done, but maybe that will settle in by the time spring rolls around and we change again.

We have been enjoying a vase of roses in our office for the past week. Mrs. Evelyn Poole brought the collection of perfect blooms by last Thursday, and along with the pleasure of seeing them, we have had the pleasure of smelling them as we walk past... ain't it grand! I made one feeble attempt to count the different varieties of roses in the vase, but after two or three failures, I gave up the job.

We have been simmering for several weeks over a matter we can do little about except complain. Several years ago we signed up to be a "medical donor", that is we agreed that our vital organs could be used to save the life of someone else upon our death. We have this so designated on our Alabama driver's license. Now we have learned that this doesn't mean a thing... for our organs to be used, our survivors must sign a bunch of legal papers. First, I have already made the decision; and being of reasonably sound mind, feel this is my right... it makes me think I have counted some of the not-so-worldly things hanging in my closets. Second, we don't want this additional burden placed on our loved ones at a time when they will be suffering a certain amount of grief, or in the case of sudden unexpected deaths, considerable confusion. We don't pretend to understand law, but if they made a law requiring the loved ones of the deceased to give permission, surely they can design another law allowing me to make my own decision and relieve my family of this chore.

There is an unusual fire raging in Virginia. Five acres of discarded tires are on fire and experts predict it may burn well into 1984. We don't know why anyone would stack up that many tires, nor what good they would be, but we marvel at their stickability. Our only other question is exactly how many tires can be stacked on five acres of Virginia land?

Jim Nichols, administrator of the local hospital, is allergic to wasp stings, and quizzed me at length about my recent stings, where the next was, etc. Well, Sunday afternoon he decided to spray the same that had taken up residence on his boot docks, and armed with spray gun and wife Ann as advisor, Jim went to work. However, his spray didn't kill all the wasps, and those left alive were mad... with Jim. We heard a splash and looked around in time to see Nichols come up for air after he had sailed into the water to avoid their wrath. We later learned he had given Ann his wallet and glasses just in case this happened. However, after he headed ashore, Ann was still on the dock with his glasses and the wasps were between her and the shore. It all ended well and Jim offered us the use of his spray gun to kill our hornets; but the problem there was, their nest was on the other side of that stirred-up wasp nest!

There is still no official word on the lawsuit over the legality of voting on a new Alabama constitution, but apparently what happens in the court is anticlimactic. We haven't found a single individual that is admitting support of the proposal. Of course we know there are some out there, and we haven't launched an active search, but just among the people who mention the matter (and some are very well informed on some press types) there ain't no support.

There are some press types who are fusing because the U.S. Government/military didn't consult them before beginning the activities in Grenada. Well, we support freedom of the press to all reasonable points, but this is unreasonable. Our country can continue to be great and a world power if we will be reasonable, but as long as some of my peers in the media have little to do but cry because they didn't get a chance to "leak" a major story, they will keep crying and some folks will believe they have been mistreated. It takes away from the main issue... our doing the right thing. I happen to support Reagan in this matter of the landing of troops and also forgive him for not taking time to give me a personal briefing. I sure didn't want to get down there counting the bullets flying overhead, 'cause those things have been known to kill newspaper reporters as well as working soldiers.

Wheeler Foshee is still drawing his nice salary as assistant director of the Alabama Department of Aeronautics in spite of complaints by Director Jim Rowe that he isn't qualified. The truth of the matter is that he is highly qualified... he worked hard for the election of Governor Wallace and has a brother in the state senate! While we don't like this type business, it has been going on forever, and we don't see any chance of stopping it any time soon.

We have been keeping check on the progress of the remodeling at The Jewel Box and so far we basically approve. We didn't get down to comparing various color possibilities for the carpet, etc., but assume those making that choice will use the same good judgement they have used on other matters, and we feel the enlarged facility will be a credit to Elba and Coffee County.

AL. Department Of

Veterans Affairs News

On September 30, 1983, the Alabama Department of Veterans Affairs and the Coffee County office ended its thirty-eighth year of service to veterans, their dependents and survivors. The Department is under the direction of Frank D. Wilkes, Mr. Wilkes is the fifth director of the Department since it was created by the Alabama Legislature in 1945. The Department has served as a pattern for development of similar agencies in many other states. The Alabama Legislature knew the veterans of Alabama, and their dependents would need professional service and counseling by an agency separated from the Federal Veterans Administration. The purpose they created the Alabama Department of Veterans Affairs.

Mr. John H. Taylor is the Coffee County Veterans Service Officer and has served in this capacity since June 1972. Some of the services rendered by the office include counseling with the veterans, their dependents and survivors, and filing applications against the Veterans Administration for a variety of benefits including compensation and pension disability claims. GI Bill benefits, home loan eligibility, VA insurance, also applications for VA hospitalization and nursing home care. Additional benefits include burial benefits for the veterans and death benefits for the widows and survivors of certain deceased veterans. Along with the Federal veterans' benefits, the State of Alabama offers numerous

benefits to its veterans, including the Alabama GI and Dependents Educational Benefit program which authorizes free books and tuition to the dependents and survivors of certain veterans who entered the service from the State of Alabama. This program provides for up to 36 months of free books and tuition to attend any Alabama state-supported college, university or technical school.

According to Taylor the services rendered during fiscal year 1982-83 had a significant impact on the local economy, resulting in \$3,571,485 dollars being directly awarded to VA recipients of Coffee County. Mr. Taylor proudly points out that all benefits received through the department were obtained with cost to the veteran or his family.

According to 1980 Census information, 436,000 veterans now reside in Alabama. The Department of Veterans Affairs is proud of its history of service to the veterans of Alabama. Over the next decade, there will be an ever-increasing demand for medical and nursing home service for the aging veterans of World War I and II. The new challenge is in providing service for the advanced aged veterans of World War I and World War II. The Director, Frank D. Wilkes, a Vietnam veteran himself, points out that we cannot repay the debt we owe the veterans who gave so much of themselves for their country, but we can recognize their debt and do what we can to provide the care and professional service they so richly deserve.

Final Plans Being Made For Covington County Fair

Final plans have been completed for the 201st annual Covington County Fair, sponsored by the Kiwanis Club of Andalusia, which will be underway October 31 through November 5, at the Fair Grounds near the Coliseum on U.S. Highway 84 West, in Andalusia.

Hundreds of arts and crafts, club, school, community, livestock, farm and home exhibits, competing for over \$9000 in prizes, will be on display, along with many commercial exhibits, and a special display from the NASA space center in Huntsville, Alabama.

From the 20 previous Fairs, the sponsoring Kiwanis Club has "generated" over \$180,000 in funds which have been used to benefit the citizens of this area. Over \$100,000 has been utilized for various charitable projects of the Club, and more than \$80,000 has been paid out to area residents as prizes and premiums for exhibits.

Special entertainment features are scheduled for Monday through Saturday nights of the 1983 Fair, with the "Miss Covington County Fair" pageant leading off these activities on Monday night, October 31. Monday night is also Family night from 5:30 p.m. until 10:00 p.m. Pay regular price or pay one price of \$5.00 for admission and ride any rides on the Midway until 10:00 p.m. Other special events features will include "The Old-Timers Quartet", Search for Talent Contest, "Easy Action" band, two (2) special jattle and steer shows, bubble gun blowing, and obacco spitting contests, as well as a "Little Miss Covington County Fair" contest Tuesday night. "School Day" will be Tuesday, November 1, with high school students and under admitted FREE, 1:00 p.m. until 5:00 p.m. A "ride special" will be available to students that afternoon. Tuesday night the "Little Miss Covington County Fair" contest will be held. Girls between the ages of 6 and 8 are eligible. To enter call 222-6252. Wednesday will be Senior Citizens Day and those 65 and older will be admitted at the gate for half price. Friday night will feature the "Old-Timers Quartet." Saturday night will

Will Morrow Receives Appointment At Kleinert's

Mr. Morrow has twenty plus years apparel personnel experience. Previously serving in various personnel executive position with International Playtex Corporation and William Carter Company at the plant and divisional level in various Georgia locations.

Most recently Mr. Morrow was a Sr. Management in Augusta, Georgia. Mr. Morrow, his wife, Deane, and son, Jeff will be moving to the Elba area.

Use Kerosene Heaters With Care

If you use a kerosene heater, use it safely. That's the message the Insurance Information Institute's new Kerosene Heater Safety leaflet.

The return of cooler weather to many parts of the nation means that about 10 million portable kerosene heaters will be back in operation before long. The federal Consumer Product Safety Commission staff has recommended important product changes for kerosene heaters to reduce contact burn injuries, flare-up fires and pollutants. But most current models lack these added safety features and the Institute's leaflet seeks to help consumers avoid a number of serious hazards.

According to the Consumer Product Safety Commission, kerosene heaters caused 6,870 contact burns in the United States in 1982. There were 4,810 victims under age 5 and 1,130 between ages 5 and 14. In addition, some 1,639 children below age 5 ingested kerosene. The Institute's leaflet tells how to use a kerosene heater safely. It also tells how to pick a model, deal with hazards, handle fuel and conduct summer-fall maintenance. Single copies are free by calling the Institute toll-free at 800-221-4954.

The Johnny's All American Shows, with a large complement of 20-25 modern rides and other attractions, will be featured on the Fair Midway. "School Day" is scheduled for Tuesday, November 1, when school students kindergarten through 12th grade will be admitted free to the Fair Grounds between the hours of 1:00 and 5:00 p.m. A ride special, "ride all afternoon (1:00 until 5:00 p.m.) for only \$5.00," will be in effect for students that afternoon.

On Monday, Wednesday, and Thursday, gates will be open from 5:30 p.m. until 10:00 p.m. On Friday the gates will be open from 5:30 p.m. until Midnight. Opening time on Tuesday will be 1:00 p.m., and the gates will open at 2:00 p.m. on Saturday. Proceeds realized from the Fair will be utilized by Andalusia Kiwanians to fund their numerous charitable projects.

Explosions could be caused by using the wrong kind of fuel, such as gasoline, or by operating the heater in an area where there are combustible fumes. Check to see if there are other charges involved in the layaway plan such as storage fees, handling fees or service charges. These additional charges may make the layaway less appealing. More than likely a schedule of payments is included which limits the amount of time you have to pay the balance. Minimum payments are required which dictate the amount necessary to retain the layaway. In addition some stores may require a minimum amount of purchase to establish a layaway plan. Remember, a layaway agreement is a contract between you the consumer and the store. Protect yourself by reading and understanding all terms of the agreement before obligating your money. For more information regarding layaways, contact the Attorney General's Office of Consumer Protection, 560 South McDonough Street, Montgomery, Alabama 36104.

What's the best way to minimize the pollution and application dangers? The leaflet says it's important to have adequate ventilation to other rooms and a source of fresh, outside

Letter To The Editor
 Dear Ricky,
 The Halloween Carnival Committee would like to take this opportunity to thank all the merchants and businesses in Elba who donated prizes and services to help make our Carnival such a success. We would also like to thank the Fire Department for the use of the fire truck and the volunteers who gave their time to supervise the ride. This is always one of the most exciting events for the children. Thanks also to Mayor English and the City Council for seeing that lights were installed behind the Elementary School enabling us to expand our Carnival and also insure the safety of all those who attended.

Toni Hudson the newly crowned Miss National Peanut Festival and the former Miss Elba, crowns the new Miss Elba, Pam DeVane.

Two Queens In One Pageant?

Every girl dreams of winning the title in a beauty pageant. But only one girl walks away a winner.

HOWEVER
Toni Hudson, daughter of Harold and Mary Jo Hudson and Pam DeVane, daughter of Mr. and Mrs. Bill DeVane, both came out as winners.

Toni won the title as Miss Elba and Pam was named as first runner-up. As everyone knows Toni represented Elba in the National Peanut Festival Pageant in Dothan and won the title as the new Queen. The Peanut Festival Pageant Committee rule is that the winner of the Peanut Festival Pageant can hold only one title during her reign as the Peanut Queen. The first alternate in the pageant held

in the Queen's city will be elevated to the vacant post. Since Pam was named first alternate, she will now represent Elba as Miss Elba and Toni will not only represent Elba but the entire wiregrass area (Southeast Alabama, North Florida and Southwest Georgia) as well.

Toni and Pam have already made public appearances as the new Queens in the National Peanut Festival Parade in Dothan, and Pam also rode in the Elba Homecoming Parade. Toni would like to have participated in the parade, but due to other plans with the Peanut Festival she was unable to do so. Two winners in one pageant—some towns are just alternate in the pageant held

EHS Coaches to Attend Meeting

Elba High School football coaches and other high school coaches whose teams will participate in the 1983 state championship football playoffs will attend a meeting on Saturday, November 5, at 9:30 a.m. at the Alabama High School Athletic Association building in Montgomery.

Now to describe this young lady more specifically. She is five-feet and four inches tall, with blond hair and bright blue eyes. She was born May 5, 1971 in Enterprise. She has one older brother who plays trumpet for the Marching Tiger Band and he loves the Alabama Crimson Tide.

This student who has been Elba girls' softball All-Star pitcher the past two years enjoys talking on the telephone, listening to the radio, twirling the baton, swimming and playing softball. Pizza is her favorite food and yellow is her favorite color.

This week's shadow was seen at the Elba-Abbeville football game doing majorette running for Stephanie, Aleah, Misty and Toni.

SSG. Grimes Retires From National Guard

PICTURES AND STORY BY SHARON MORRIS

SSG Durwood J. Grimes retired from the National Guard of Alabama, Elba unit of "B" Battery 2nd Battalion, 117th Artillery, after 33 years of service. He was honored with a ceremony in his honor on September 25.

The battalion stood at attention as Grimes received his certificate from Col. Norman, and Grimes responded with a touching speech.

Attending the ceremony were members of Grimes' family: Mrs. Marylene Grimes; Mr. and Mrs. Bryan Grimes and Britt; Mr. and Mrs. George Hudson and Greg; Mrs. Sharon Morris.

Sgt. Grimes registered for the draft during World War II on December 26,

1944, at eighteen years of age. He served two years in the Marines, with recruit training at Paris Island, South Carolina. He was later shipped to Guam where he was placed in the Third Marine Division, which was training to attack mainland Japan. He stayed in Guam for nine months, and when the war was over was sent to China for ten months. He was discharged after his return to the States.

SSG Grimes joined the National Guard as a PFC in 1947, with the Communications Section. He attended camp at Ft. Benning, Ft. McClellan, Ft. Stewart and Camp Shelby.

His unit was called to active duty on January 16, 1951. He remained in the

regular army for two years where he became a staff sergeant. He was sent to Ft. Jackson with his unit where they trained as replacements in the Korean War, and later participated in war games at Ft. Hood, Texas. He was airlifted from Ft. Hood to Camp Artillery, Indiana, and was again discharged in November, 1952. He joined

the National Guard again in 1953 where he served until his retirement on August 19, 1983.

Grimes missed only five drills since his enlistment, and was awarded the Alabama Commendation Medal, the highest award given by the Alabama Army National Guard, on February 14, 1981.

Many congratulations were given by individuals.

Grimes stands one last time with the men of his unit.

Class of '53 Honored At Homecoming

The Elba High School Class of 1953 was honored in homecoming events October 21. For many of the class mates, it was their first time to get together since graduation.

Activities began Friday afternoon when the graduates met at the football field. They enjoyed riding in the homecoming parade and were entertained at a tea in the Home Economics building.

An updated yearbook was presented to each member by Danette Bowdoin Prescott, and a motion was made to make a donation to the school. This was presented to Principal Lamar Foley by class president, John Milton Wise.

The honored class was given a tour of school facilities and met at the school cafeteria for dinner. Senior sponsor, Mrs. Ola B. Kendrick, was present at the dinner, where class president Wise presided. Mrs. Kendrick called roll and recited the following poem to the class:

You're here tonight
From far and distant places
It thrills my heart
To look into your faces.
If for your next reunion
I'm not here,
My love and spirit
Will be lingering near.

For the ties that were formed
In dear old Elba High
Will only be sweeter
In the sweet bye and bye.
Of a total of 56 graduates

of the class of '53, two are deceased: Bill Brown and Betty Grantham. Thirty-two members were present for part or all of the homecoming activities. Thirty-two live in Alabama, there were ten grandparents present.

Coming the longest distance was Laverne Perkins Ewer, who was in Elba High in 1953, from Wellesley Hills, Massachusetts.

Norma Jean Nelson Elliott was homecoming queen in 1952, and is now from Ft. Myers, Florida.

Professions represented among the graduates include nurse, teacher, principal, assistant superintendent, engineer, legal secretary, realtor, beauty shop owner, railroad conductor, fire chief,

homemaker, farmer, funeral director, telephone representative, sporting goods dealer, broker grower, tractor dealer, food stamp representative, repairman.

Thirteen attended Elba High School from first through 12th grade, and of these nine were present at the reunion.

The honorees were recognized at the ball game in their reserved section.

After the game they met in the Community Room of The Peoples Bank for refreshments and a final time of fellowship and sharing of high school pictures, and those of children and grandchildren.

The group plans to meet again in five years.

The regular season in high school football ends this week, pro football is going full blast and pro basketball has started; however, the talk of the town is the Elba Tiger football team. Ain't it great to be winning?

TIGERS ARE IMPRESSIVE IN WIN OVER ANDALUSIA

Despite the 7-1 record, going into last week's game, I hadn't been impressed with the play of the Tigers since their win over Opp. The wins were coming, but the Tigers weren't dominating folks like you expect a championship team to do. That ended Friday night in Andalusia!

Except for one drive, Elba completely dominated all aspects of the game in the win over Andalusia. After Andalusia scored to tie the game at 6-6, the Bulldogs' deepest penetration on offense was to the Elba 48-yard line, and it came in the closing minute of the game. While the Bulldog offense was being shut down, the Elba offense scored two touchdowns to ice the win and rolled up over 200 yards in offense. I know I'm biased, but the game wasn't as close as the score sounds, and the 18-6 score wasn't very close!

Elba's offense continued to look better and better as its passing game clicked to the tune of 5 for 7 for 79 yards. The running game, paced by the "3-M's" of Michael, Mark and McCollough, ate up good chunks of yardage, despite facing a defense keyed to stop the run, and the success of the running game opened up all kinds of room for the passing game. If Elba can keep on passing the ball, maybe the defenses will back up and give our backs a real chance to show off. It'd be fun to watch.

The defense, which I have been critical of all season, did a superb job, especially in the second half. The defense gave up some big plays, but none too big, and adjusted well to stop the Andalusia passing attack. The line played aggressive ball, and even though it did miss some tackles (I can't brag too much), it turned in its best performance of the

year! The Tigers can finish the regular season with a 9-1 record if they defeat Geneva tomorrow night, and that ain't bad. C'mon guys, close out the regular season in style!

TIGER FEVER CONTINUES TO SPREAD

The Elba fans gave the Tigers not one, but three standing ovations Friday night, and there can be no doubt that "Tiger Fever" is nearing epidemic proportions! Elba had more fans than did Andalusia, and the fans made a lot of noise. If you don't think the players can hear you, you're wrong. I walk the sidelines on road games, and I can assure you, you can be heard.

Keep it up, fans - it all adds up to a winning program.

NEW BROCKTON CLAIMS COUNTY CROWN

The New Brockton Gamecocks clinched yet another county school system crown last week with a 20-0 win over Kinston, and Coach Leavy Bouwell and his team are to be commended for another good season. The gamecocks posted a 7-3 record, despite a host of injuries and a very tough schedule (all three losses were to teams in the playoffs), and the success is really a total community effort.

New Brockton's "A Club" is as active as any in the state -- just take a look around the school -- and the whole town is proud of its football team.

Congratulations, Gamecocks, on another good season.

STILL PLENTY OF ACTION AS SEASON DRAWS TO CLOSE

The prep football season is nearing an end, but that doesn't mean there's a lack of action, as these weekly highlights show:

***Zion Chapel's season continued to spiral downward (did I write that?), as the Rebels lost to Brantley 36-7. The Rebs have got some talent -- it's just been one of them years.

***Arton protected its No. 1 ranking with a wild 35-20 win over Verbenia. The Purple Cats are shooting for a state title!

***Coffee Springs blasted Samson 34-0 and could just be the surprise team in 1A. The Bears won't back down from anyone and might just surprise ya.

***Havenville continued its stroll toward a perfect season with a 50-8 loss to Montgomery Academy. The Blue Devils could have one of the worst teams ever!

***Red Level finished the season with an 8-2 record by defeating Dozier 27-22. The Tigers lost to Highland Home and Brantley, so it was a pretty good season.

***Daleville got in the win column by defeating Dale County 21-15. The Warhawks never gave up and got better as the season progressed.

***Laverne clinched the Area 3 crown in 2A by bombing Florala 41-14. The Tigers have a 6-4 record -- not bad, but not what they hoped for!

***Eufaula held Abbeville to just 14 yards in total offense in cruising to a 34-0 win. The Tigers are just as tough as ever.

***Greenville ripped Evergreen, 34-12 to finish with a 7-3 slate. The Tigers have got to be one of the top teams in the state not to make the playoffs.

***Troy bounced back after losing last week by upsetting Auburn 21-20. The Trojans have a better team than a lot of people think.

***Opp's season took a turn for the "worst" as it lost to Brundidge 3-0. The Bobcats have to be one of the biggest mysteries of the season!

***And, Enterprise's winning streak came to an end as Prattville upset the Wildcats 32-21. Losing never does you any good, but this one could wake up the Cats!

Gamecocks Blank Kinston 20-0 To Clinch County Football Championship

BY: GREG BRUNSON

Mike Haynes rushed for 159 yards and three touchdowns in New Brockton this past Friday night to lead the Gamecocks to a 20-0 victory over the Kinston Bulldogs. This victory gave New Brockton the county championship since they had defeated Zion Chapel earlier in the season.

The Gamecocks opened the game with super field position as they recovered an on-sides kick at the Bulldogs' 49-yard line. Mike Haynes cracked off a 20-yard run to get New Brockton inside the 20-yard line, only to have the drive stopped as Ronald Thorn recovered a fumbled handoff at the Bulldog 15-yard line.

Kinston was unable to move the ball on either of their first two possessions and the second punt gave New Brockton the ball on their own 32-yard line. The Gamecocks used just nine plays to cover the 68 yards with the touchdown coming on a 10-yard carry around right end by Mike Haynes. Keith Patterson's p.a.t. attempt sailed wide left.

Another Bulldog punt gave New Brockton the ball on their own 37-yard line. This time, the Gamecocks mounted a 13-play drive that ended on a two-yard jaunt by Mike Haynes. Anthony Maddox had a big pass completion in this drive to help the Gamecocks along. An attempted pass for a two-point conversion failed, making the score 12-0 with 5:03 left in the first half.

The Bulldogs put together a couple of first downs on their next possession but turned the ball over on downs near midfield as the half neared a close. The Gamecocks got two first downs of their own and Keith Patterson attempted a 25-yard field goal with 0:03 left in the half. The ball hit the right upright and fell back into the endzone, leaving the score 12-0 at the half.

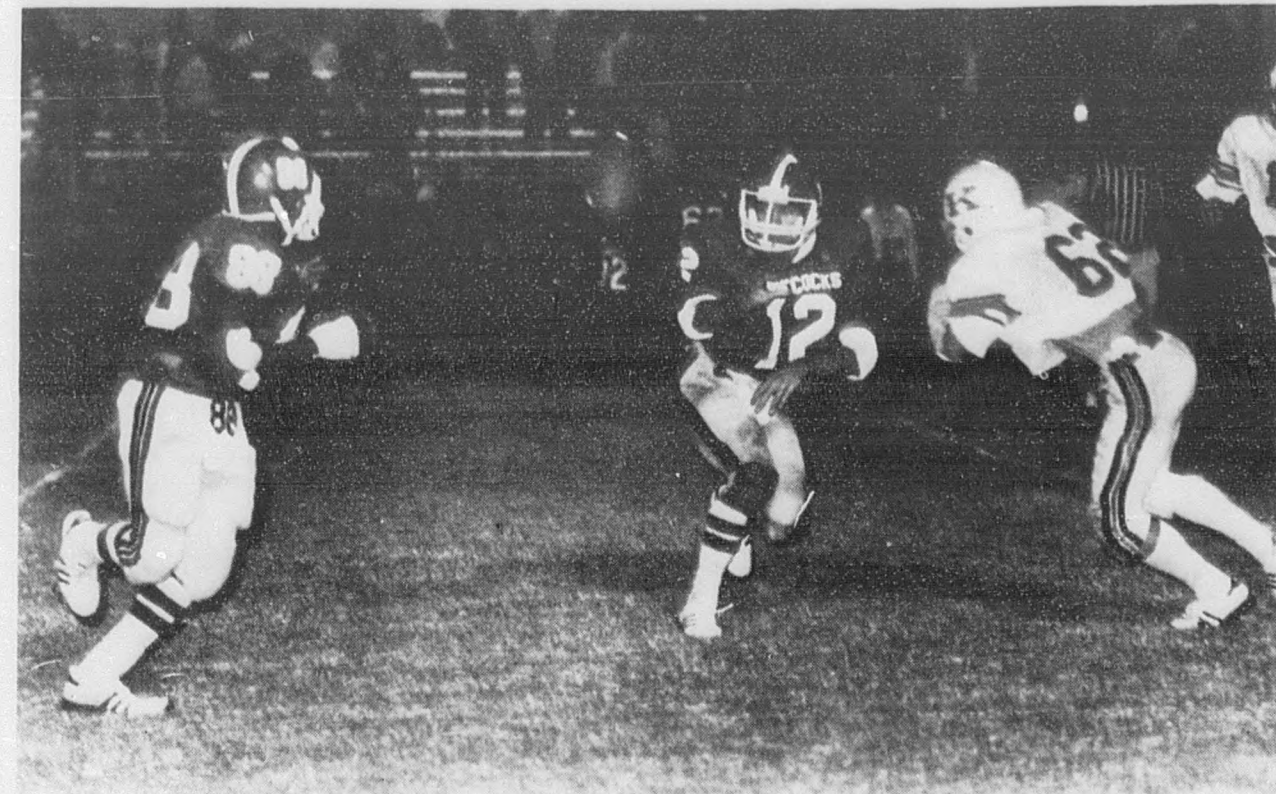

The Gamecocks got a tremendous break to open the second half. It appeared that the kickoff would go out of bounds so the Bulldog receiver didn't field it. The ball rolled dead on the 12-yard line and Keith Patterson recovered for New Brockton. It was at this point that the Bulldogs showed what an improvement they have made this year. Four plays gained nine yards.

Kinston took over on their three-yard line. But, Anthony Maddox recovered a Kinston fumble at the eight-yard line. At this point the Bulldog defense again showed a lot of heart and took the ball over on downs at the three-yard line.

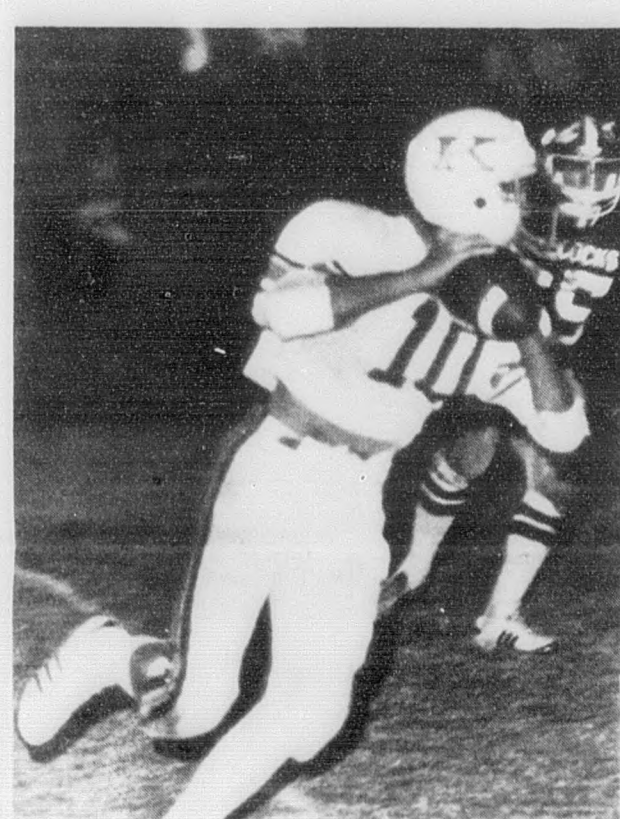

Kinston then picked up a 10-play drive picking up two much needed first downs to gain field position. A punt was forced, giving New Brockton a first down at their 38-yard line. Haynes carried five times in this drive for 42 yards, but he fumbled at the Bulldog three-yard line and Ronald Thorn recovered for Kinston.

A short punt by the Bulldogs set the Gamecocks up again, this time at the 43-yard line. New Brockton used eight plays to drive these 43 yards, with Mike Haynes carrying in from three yards out. Anthony Maddox pitched out to Bobby Hornsby who carried in for the two-point conversion to round out the scoring at 20-0, with 2:20 remaining in the ball game.

Greg Hagan intercepted a Paul Folmar pass as the clock ticked down, to seal the shutout for the Gamecock defense.

Gamecock quarterback Anthony Maddox (12) pitches out to Bobby Hornsby (88) just as Kinston's Mark Ward (62) arrives. The play came on a two-point conversion and gave New Brockton a 20-0 lead.

Kinston quarterback Paul Folmar (10) rolls out looking to pass in the Bulldogs' 20-0 loss to New Brockton last week.

Gamecock fullback Greg Hagan (34) finds room to run in the middle of the Kinston defense.

Duck Season To Open Nov. 17 Across State

Alabama's duck, coot and Merganser season will open with restrictions in portions of Baldwin and Mobile Counties on Thursday, November 17, where it will run through Sunday, November 27, and reopen Thursday, December 8, and close Sunday, January 15, 1984. In the area north of Battleship Causeway, west of Alabama Highway 225, south of the I & N Railroad tracks and east of the west bank of the Mobile River, the duck, coot, goose and Merganser season is limited only to Thursdays, Fridays, Saturdays and Sundays from one-half hour before sunrise to 12 noon. The season for duck, coot and Merganser will open Friday, December 2, and close Friday, January 20, 1984, in the remainder of the state.

Goose season, with the exceptions noted above for Baldwin and Mobile Counties and all following ones will run from Saturday, November 12 through Friday, January 20, 1984, in the remainder of the state. On Pickwick and Wilson Reservoirs and west of U.S. Highway 31, on Wheeler Reservoir, goose season will be from Friday, December 2 through Friday, January 20, 1984. There will be no open

Goose season in Barbour, Henry and Russell Counties. The bag limit on goose is five a day, no more than five in possession, and shall not include more than two Canada Geese or two white-fronted geese, or an aggregate of four. Coot are restricted to 15 a day, 30 in possession.

The daily bag limit on ducks is reached when the point value of the last bag taken, when added to the sum of the point values of birds previously taken during the day, totals or exceeds 100 points. The possession limit is the maximum number of birds or species and sex which legally may be taken in two days. Point values for species are: 100 points - Blue-winged Teal, Green-winged Teal, Gadwall, Shoveler, Scaup, Pintail, Merganser (except Hooded Merganser) and Widgeon.

Hunters are cautioned more restrictive regulations may apply to National Wildlife Refuge areas upon public hunting.

County Football Preview

The 1983 football season will draw to a close this week for the teams in the county school system, and both Zion Chapel and Kinston will close out the season with tough opponents.

The momentum will be on the Panther sidelines, but the Rebels will be out to win its finale. It should be a good ballgame!

The Bulldogs' schedule

The Bulldogs continued to show a lot of pride last week in a loss to New Brockton, and it looks like the Dogs are indeed playing their best ball of the season. The Bears, however, are on a roll, and have ripped New Brockton and Samson in successive weeks. The Bears could take it easy this week in preparation for the playoffs, but don't bet on it.

Illegal Hunters Warned To Watch Out For 3-Wheel Rangers

Illegal hunters on backwoods and other areas previously inaccessible even to four-wheel-drive vehicles are in for a big surprise. The surprise will be a wildlife conservation enforcement officer, mounted on a three-wheel, all terrain vehicle, surveying and observing their actions, checking hunting licenses and asking pertinent questions.

Today, the Game and Fish Division of the Department of Conservation issued 24 Honda All Terrain Cycles with accompanying trailers to Enforcement District supervisors. The ATCs were distributed in pairs to each of the 12 districts. The cycles had been purchased earlier in FY 1982-1983.

Game and Fish Director Charles D. Kelley said, "The three wheelers will be a great asset for they will provide our enforcement officers access to areas beyond the capability of their four-wheel drive vehicles. This will include areas where hunters, presently, are using similar types of ATC vehicles. This will include areas where hunters, presently, are using similar types of ATC vehicles. This will include areas where hunters, presently, are using similar types of ATC vehicles.

Kelley stated that due to

fund limitations it was necessary to choose between the three-wheelers with off-road and off-trail capabilities or the conventional vehicles. Due to the increasing problems caused by some illegal hunters' use of three-wheelers, it was deemed necessary to purchase similar type vehicles. "We are far short of what we need," Kelley said, "but with improved funding in the future, we hope to have eight to 10 in each enforcement district."

Game and Fish Division's Chief Enforcement Officer, Dalton Halbrook, commented that the use of three-wheelers by other wildlife agencies have proved highly successful. He added that Division personnel strongly support the innovation with optimism from the standpoint of effectiveness, efficiency and economy.

Championship Horse Show Set For This Week

Horse lovers from throughout the Southeast will head to Montgomery Nov. 8-12 for what has become one of the nation's largest and most widely known horse shows -- the 27th Annual Southern Championship Horse Show.

Sponsored by the Junior League of Montgomery, this multi-breed show features a variety of classes for Saddle and Walking horses, as well as events for Western, Arabian, Racking and Pleasure horses, many of which are already world champions.

More than 4,000 owners, exhibitors and trainers are expected to bring more than 1,000 horses to Montgomery's Garrett Coliseum for one of the top indoor shows of its kind in the nation. Projections show the event has an economic impact of \$13 million in the Montgomery area during horse show week.

Last year, the \$30,000 in proceeds went to projects designed by the Junior League of Montgomery, Inc. Performances will be at 7 p.m. Tuesday and Wednesday, and at 10 a.m. and 7 p.m. Thursday through Saturday. Admission is charged. For information or reservations, contact the Junior League of Montgomery, Inc., 1140 East Fairview Ave., Montgomery, AL 36101, or call (205) 262-8600.

Brantley Bulldogs Cruise Past Zion Chapel Rebels 36-7

The Brantley Bulldogs jumped out to a 22-0 first quarter lead and never looked back in posting an easy 36-7 win over the Zion Chapel Rebels, at Zion Chapel.

The win upped Brantley's record to 9-1, while Zion Chapel's slate fell to 2-8. The Brantley offense was stopped cold on its initial possession by the aroused Rebel defense, but the Bulldogs got the ball right back on a Zion Chapel fumble and quickly cashed in on the turnover. The score came on the first play following the turnover when Todd Johnson hit Donald Burnett with a 54-yard touchdown pass. A bad snap on the p.a.t. attempt turned into two-points when Todd Carpenter passed to Marvin Booker and with 9:05 left in the first quarter Brantley had the lead at 7-0.

The Rebels had to punt on their next possession and the Bulldogs brought their crowd to its feet as Marvin Booker returned the punt 33-yards to the Zion Chapel 3-yard line. Ray Christian scored two plays later on a 1-yard plunge and Jimmy Tisdale's extra-point gave Brantley a 15-0 lead with 5:18 left in the opening stanza.

The Rebels went to the airways on their next possession, but got shot down when Ray Christian picked off a Michael Hill pass on the Zion Chapel 22-yardline. Todd Johnson scored a short time later on a 5-yard run and Jimmy Tisdale booted the p.a.t. upping the Bulldogs advantage to 22-0 with 1:34 still left in the first quarter!

Zion Chapel's Chris Milley recovered a Brantley fumble on the Bulldog 39-yardline midway thru the second quarter and the Rebels quickly moved in to get on the scoreboard. Tony Shiver rushed for 24-yards during the short drive, with Michael Hill getting the touchdown on a 3-yard scamper. Tony Shiver kicked the extra-point and with 3:10 left in the half the Rebs were back in it, trailing 22-7.

Brantley threatened to add to its lead early in the third quarter when it moved to a first down on the Zion Chapel 22, but Doyle Smart intercepted a Bulldog pass to kill the drive. The Dogs got the ball back on a punt and this time drove 60-yards in only 3 plays to score. The touchdowns came on a 69-yard pass from Bernard Foster to Ray Christian and Jimmy Tisdale added the p.a.t. giving the Dogs a 29-7 bulge with 3:17 left in the third quarter.

The Bulldogs headed goalward on their next possession, driving 72-yards and appeared to have scored, only to have a 13-yard TD scamper by Marvin Booker nullified by a penalty. A pass interception by Tony Maddox killed the threat; however, Brantley got the ball back three plays later on a punt and this time drove to paydirt. The drive came entirely on the running of Bernard Foster, and was climaxed when the sophomore quarterback scored on a 15-yard run. Tisdale's p.a.t. was good putting the finishing touch on the 36-7 win.

Elba Nursing Home Annual Baazar To Be Held

The 10th annual bazaar of Elba Nursing Home is near and everyone is asked to think of this event when preparing their Christmas list. This will be held on Saturday, November 19, 1983, from the hours of 9 a.m. till 2 p.m.

Throughout the year, residents have been working on items that will be on sale that day. These include articles for the home, for

children, for personal enjoyment-the "perfect" Christmas gift for any individual.

Proceeds from this annual sale go toward the activity program throughout the year. Each resident is given a Christmas present, and articles purchased for use in other activity social service programs. Also, this money is used to buy more craft supplies that create

beautiful and useful items as well as keeping the hands and minds of the residents busy.

Halloween was made special for residents this year by the thoughtfulness and actions of the public.

On Thursday morning, October 27, 1983, Mrs. Nina Allen brought homemade Lemon-Cheese Cake and punch for a party in honor of this day celebration.

Residents very much appreciated her sharing of her "cooking" talent.

On Monday, October 31, 1983 a ladies' Sunday School Class from Elba United Methodist Church presented a Halloween Party for nursing home residents. This included refreshments and several games of Bingo.

MRS. ANN SASSER of Rt. 2 Brantley was the winner of the \$100 bill recently given away by the Elba Jaycees. The story takes on extra interest when it was discovered that someone bought the ticket in her name without her knowledge and while she was in Atlanta with her young son who suffered a severe dog bite several months ago that ripped off three fourths of his scalp. He came home just days before his mother was called and told of her winnings. The youth has had three operations including muscle and blood vessel grafts and skin grafts. Further surgery is expected later. Making the presentation is Elba Jaycee David White.

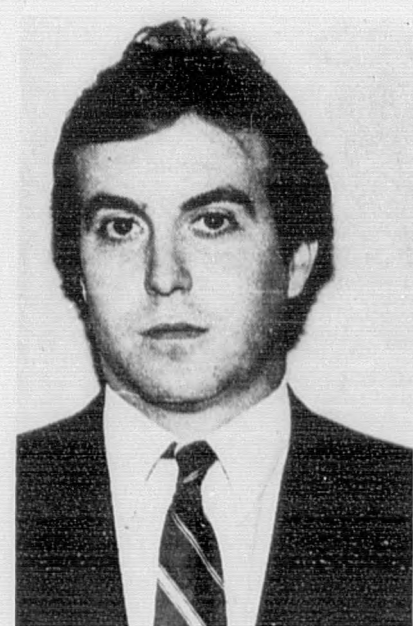

Finances Dominate Meeting Of Water & Electric Board

The Elba Water and Electric Board met Tuesday evening with all members present except Charles Kennett, who was reportedly out of town. Business was routine and only one person appeared before the board.

Byron Stinson of Windham Power Lifts reported a problem with some burned-out equipment due to a malfunction of a city transformer. He was told the utility would work with him to clear up his problem and get the

equipment operation. Stinson also discussed the possible overload on the electric lines as his firm has expanded work force and added much additional machinery. The board agreed to monitor the usage on a recording monitor for a seven-day period to back up readings already taken by other equipment. Board members expressed to Stinson a desire to work with him as his firm continued to grow and employ local people. Stinson said he is presently working eighty employees.

Bill Brunson Added To Legal Staff At NSIC

Mr. J.R. Brunson, president of National Security Insurance Company, recently announced the addition of Mr. W.L. Brunson Jr. to its legal staff. Mr. W.L. Brunson Jr. is the son of the founder and first president of the insurance firm whose corporate headquarters are located in Elba.

A native of Elba, Brunson is a graduate of the University of Alabama in Tuscaloosa with a B.S. degree in Business Administration. In June of this year he graduated from the University of Alabama School of Law with a J.D. degree and was recently admitted to the Bar in the state of Alabama. He is licensed to practice before the State's Supreme Court.

While in College Brunson was a member of Pi Kappa Phi social fraternity, and during law school was a member of Phi Delta Theta legal fraternity and the Trial Advocacy Association.

Bill and his wife Rhonda currently make their home in Elba.

Holley Nominated As Alabama's Outstanding Legislator For 83

As elected by their peers, five senators and ten representatives emerged as top nominees for Alabama's "Outstanding Legislator" in 1983, according to Doug Amos, president of the Alabama League of Savings Associations, and included among the nominees is Representative Jimmy Holley of Elba.

The "Outstanding Legislator" in both the Senate and the House of Representatives will be announced and honored at an awards banquet in Montgomery, December 6, Amos said. He explained that the nominee receiving the most votes will be declared the "outstanding legislator" in each chamber.

Sponsored by the Alabama League of Savings Associations, the program is designed "to recognize and honor in a special way the outstanding members of the Alabama Senate and House of Representatives and to call public attention to the positive and constructive aspects of their public service," the trade association executive said.

He pointed out that the top nominees and the "outstanding legislator" in each chamber were elected by their colleagues in a secret ballot following the 1983 general session. He said that 30 members of the Senate and 49 members of the House received votes for the honor.

Senators elected as top nominees included Ryan deGrassier, Jr., Tuscaloosa; Larry Dixon, Montgomery; Larry Keener, Gadsden; Hinton Mitchell, Albertville; and John Teague, Childersburg.

Representatives included: Charles Adams, Phenix City; John Casey, Heflin; Tom Coburn, Tusculum; Loyd Coleman, Arab; Tom Drake, Cullman; Jimmy Holley, Elba; Roy Johnson, Tuscaloosa; Rick Manley, Demopolis; James Sasser, Ozark; and Jack Venable, Tallapoosa.

According to Amos, participating in the awards banquet in addition to the top nominees will be state government officials and savings and loan leaders.

Pool Hall Owner Arrested Recently

Clifford Blue, owner of Blue's Pool Room in Elba, was arrested last week and charged with violation of the prohibition law and three counts of bribing a public servant.

The arrest, which occurred at 4 p.m. on Thursday, November 3, came following an investigation by the Elba Police Department and Coffee County Sheriff's Department.

The pool room is located on the Taylor Mill Road.

P&S Board To Meet Nov. 17

The Coffee County Board of Pensions and Security will meet on Thursday, November 17, at 8:15 a.m. at the County Office located on 321 Putnam St., in Elba.

School Board Appears To Be In Sound Financial Shape

The Coffee County Board of Education met in regular session on Monday morning, November 7, at the New Brockton Area Vocational Center and held a relatively short, but productive meeting.

Present at the monthly meeting were Supt. John W. Vaughan and Board of Education members Bill Boland, Frank Britt, Harrell Carroll and Tom Dyess. Absent was Preston Kelley Jr.

After the routine adoption of the minutes and paying of the bills, Supt. Vaughan discussed the Kinston Elementary School project. He reported all plumbing work had been completed and the foundation would be poured this week. The work is running ahead of

schedule and is expected to be completed prior to the July, 1984, deadline.

A look at the budget revealed an estimated revenue of \$4.9 million, the largest amount ever received; however, it was stated there would be no excess of funds. Out of the total revenue, \$4.5 million is earmarked by the state for salaries, etc., leaving the local board only \$400,000 with which to appropriate. These funds will reportedly be used to cover various maintenance projects and unseen expenditures.

According to figures released at the meeting, the board projects a balance of only \$3000 out of the multimillion dollar budget.

The projected balance is a cautious

Only 79 Elba Voters

Vote On Ammendment

The voter turnout in Coffee County was very low Tuesday, as there was very little interest in the only amendment being voted on, and neither of the state officials on the ballot had opposition.

Senator Crum Foshee and Representative Jimmy Holley both got the Democratic nod for the nomination without opposition, and their lack held through the general election Tuesday: voters returned to office for the three years remaining on the term that was interrupted by a federal court order.

Holley managed to get 867 votes and Foshee 761. Many people expressed mild irritation at the polls after they discovered they had to pull one of the levers by the legislators or below them in order to re-open the curtain, when

they only wanted to vote on the amendment.

The lone amendment was to allow the State Decks in Mobile to transfer property in North Alabama to a docks authority up there for development. It was a low-key matter with no known organized opposition. Coffee County voters passed the measure by a vote of 406 to 259. The same result is expected statewide.

Elba voters didn't take so kindly to the measure, as the few who bothered to vote just about split the vote with 43 voting in favor and 36 opposing. In the second of Elba's two voting boxes, the examine results of a no-smoking policy at the school. The policy was adopted in Ozark to prevent the gathering of students and non-students at a special smoking area, and it was reported the policy had resulted in no serious problems.

"We are planning to enact a no-tobacco policy because it has been medically proven that smoking is hazardous to your health," said Supt. Vaughan. "Even if parents do allow it at home, at school we won't allow a student to do something that is damaging to his health. We know some students will still slip around and smoke, but if caught, they will be disciplined. Our teachers will not be police and will not patrol school grounds; however, they will not ignore what they see."

Disciplinary action now being discussed includes a warning to students with tobacco in their possession, to expulsion for repeated violations. The new policy is scheduled to go into effect at the start of the second semester.

"We don't anticipate any problems with the new policy," said Vaughan. "but it will be strictly enforced."

It was reported that two of the county bands had recently won honors. The Zion Chapel High School Band was named "Best in Class" at contests at both Opp and Lanett, and received the highest score given to any band at a contest in Daleville.

The New Brockton band competed in a contest in Enterprise, its first contest ever, and received outstanding ratings.

In other action at Monday's meeting, the board:

- ***issued a warning to a student with excessive absenteeism;
- ***was informed the county system continues to rank near the top in results of academic testing;
- ***received a letter from the faculty at New Brockton thanking it for new computers at the school;
- ***received a letter of thanks from Covington County Superintendent of Education Murray King for the county's help in repairing a Red Level school bus that broke down in the county; and
- ***granted leaves of absence to two teachers and one bus driver.

Elba - Eufaula Playoff Game To Go On As Scheduled

The Alabama state football playoffs will begin tomorrow night (Friday), however, it will take a ruling by the Alabama Supreme Court to decide who will oppose the Elba Jaycees Wildcats in Class 4A and the Alexandria Cubs in Class 3A.

In the 4A controversy, the Alabama High School Athletic Association originally stated Central of Phenix City would meet Enterprise in the opening round of the playoffs, but after a protest by Prattville, a decision was made to send Prattville to the playoffs and keep Central at home. Central then got a restraining order to reverse the AHSAA ruling, prompting Prattville to get an opposite order. The State Supreme Court will hear both sides today (November 10) at 10 a.m. and instruct the AHSAA which team to allow in the playoffs.

The 3A court case, Alexandria got a court order in an attempt to have Emma Sansom kicked out of the playoffs. According to AHSAA officials, the state declared an Emma Sansom player ineligible; however, the player's parents got a restraining order enabling the boy to play. Alexandria contends that the state ruled the player ineligible. Emma Sansom should be forced to forfeit its games and thus not participate in the playoffs.

The games involving Enterprise and Alexandria will be played, but the date will depend on how the Supreme Court rules. All other games will go on as scheduled.
